

## Trailers

### VARIOUS APPLICATIONS

With 135 years of expertise in supplying vehicle hardware, Albert Jagger has established a longstanding presence in the trailer industry. Collaborating with design engineers, we offer a remarkable selection of products that greatly improve the safety, usability, and efficiency of trailers.

Whether you're constructing a new trailer or seeking replacement parts, our extensive range of high-quality trailer fittings and components has everything you require. Our products are meticulously designed to prioritise quality and dependability.

Supply Without Compromise

Transport Hardware

### Adhesives & Sealants

For bonding in trailer applications, a range of industry-standard adhesives and sealants is indispensable. Our wide range of polyurethanes, silicones and MS polymers are designed specifically to endure the demanding conditions, ensuring optimal performance and reliability in every project.

### Antiluce Fasteners™

Providing secure and stable connections, Antiluce Fasteners™ prevent unwanted movement or rattling during transportation. They ensure a safe and smooth towing experience by reducing noise, vibration, and the risk of damage.

### Cargo Control

Our wide range of products offer versatile and reliable solutions to secure and manage cargo during transportation. From ratchet straps to lashing rings, these products ensure proper load distribution, preventing shifting or damage while on the move.

### Door Hardware

Our range of door hardware include everything from hinges to bar retainers in a variety of materials including stainless steel and plastic. Designed to hold doors firmly in place, we know we can deliver our promise to supply only the highest quality products.

### Fasteners

Our comprehensive range of fasteners for trailers, encompasses a variety of options including overcentre catches and ramp fasteners. Designed to provide secure and efficient fixing, ensuring safe and hassle-free loading and unloading operations for a wide range of trailer applications.

## Trailers

### VARIOUS APPLICATIONS

The versatility of our hardware make it compatible with trailers of various sizes. As essential components, our products play a vital role in ensuring the safe and efficient operation of a variety of trailers, delivering exceptional value for money and reliability that customers can depend on.

### Handles, Locks & Latches

We stock a large range of interior and exterior handles, locks and latches for the trailer industry. From traditional budget locks to modernised compression latches, securing doors and lockers whilst on the move has never been easier.

### Ironwork

Our commitment to excellence in the trailer market is evident in our extensive selection of ironwork. As industry leaders, we continuously strive to meet the evolving needs of our customers, ensuring our range remains cutting-edge.

### Lighting

Our LED lighting products stand out in terms of quality and dependability, backed by comprehensive warranties ranging from 2 years to a lifetime, whilst complying with ECE/EMC regulations. Can be supplied with Certificates of Conformity to support Whole Vehicle Type Approval legislation.

### Safe Assist

Safe Assist is heavy-duty ramp door assist designed to enhance safety and ease during trailer operations, promoting safer towing experiences.

### Safety Equipment

To ensure the safety of individuals involved in transportation, our range of safety products for trailers includes a diverse selection such as wheel chocks, first aid kits, fire extinguishers and ventilators.

### Sealing Profiles

Our sealing profiles encompass a variety of products, including door seals and edge trims, providing effective safeguarding against potential harm caused by sharp edges on panels and doors.

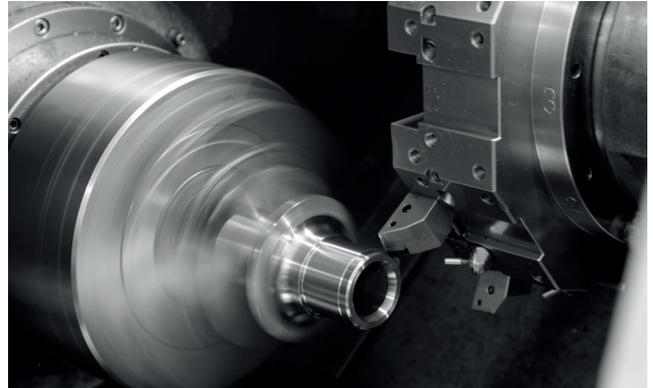

# Supply Without Compromise

## Design & Rapid Prototyping

To strive to be the best is just part of our ethos at Albert Jagger, we use the latest technologies to aid our designers so that we can develop the next generation of hardware and components. We use rapid prototyping so that we can see our developing designs and improve on them.

## Manufacturing

As part of the process to ensure that we supply our customers with flexibility, versatility and diversity we have our own in-house manufacturing department. As the market leaders in our industry, we don't just supply parts, we design and manufacture them too.

## ISO 9001 Quality

We at Albert Jagger Limited recognise the need to focus on customer satisfaction and that means not only meeting their expectations but exceeding them. One of our key objectives is to continually strive to improve quality of both product and service. To achieve this we maintain quality management system compliant with ISO 9001: 2015.

## Customer Service

Our future depends on the success of our customers that is why we like to take a long term view to building relationships whilst delivering an unrivalled service and inspiring trust and confidence. With 130 years of history, we wouldn't be in the position we are if we hadn't looked after and listened to our customers.
